Subject: Plant Certification Status

This letter is to inform you that as of January 19, 2018, John E. Jenkins Inc. Quarry—Gastonia Plant (CA415/FA598) was added to our Aggregate QC/QA Program and will be placed on the North Carolina Department of Transportation's Approved list. John E. Jenkins Inc. Quarry—Gastonia Plant is approved for production and shipment of ABC stone, and pending passing sample test results, will also be approved for the production and shipment of #57 stone, #5 stone, and Dry Screenings.

As an approved source, your quarry is expected to uphold a standard of quality as defined in the Aggregate Quality Control/Quality Assurance Program manual. To maintain your approved status, your facility will have to adhere to the requirements defined in this manual.

If you have any questions or comments concerning your Approved Status, I may be contacted at 336-903-9247 or at [cdwhitley@ncdot.gov](mailto:cdwhitley@ncdot.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Whitley".
